

Mr. T's Newsletter  
February 20-24

Dear 7/8<sup>th</sup> Grade Parents:

As you are looking at the information on my web page you will notice a lot of 5<sup>th</sup> and 6<sup>th</sup> grade information along with the 7/8 graders subjects. After discussing things with Mr. Smith, Mrs. Small, and Ms. Liefer, we have decided that the upper grade teachers will put on each of their web pages the information for the subjects that they teach. For example, all 7/8 Math information will be on Ms. Liefer's web page and all 7/8 Language Arts and Science information will be on Mrs. Small's 6<sup>th</sup> grade web page. I hope this little note helps you understand things clearly. If you have any questions please don't hesitate to ask.

God Bless,  
Mr. Thompson
