Dear 6th Grade Parents:

As you are looking at the information on my web page you will notice a lot of 7th and 8th grade information along with the 6th graders subjects. The junior high teachers will put on each of their web pages the information for the subjects that they teach. For example, all 6th grade Math and Religion information will be on Sisters web page and all 6th grade Language Arts information will be on Mrs. Goldman's web page. I hope this little note helps you understand things clearly. If you have any questions please don't hesitate to ask.

God Bless,
Mr. Thompson
